Awakening in the Higher Dimensions

2016 -- a leap year, the *Year of Emergence* brings the opportunity to explore 9-dimensions of personal awakening.

Jonette will take the roadmap that MARK has channeled over the last 16 years to lead us through a clear experience of our multi-dimensional existence that is grounded in our 3-D material world. MARK took 2 years of channeled courses to bring us a full experience of each of the higher dimensions. Jonette will bring you a clear, empowered experience in a single meditation that you can listen to again and again.

The goal is to grasp our own spiritual emergence as it is reflected in each of the higher dimensions. This series will give us the breakthrough to truly emerge into our greater self! We start with the first 3-dimensions, then work with the 4th through 9th dimensions.

Mastery in the 3-D – We will begin the year grounding our spiritual existence into our 3-D world. We first look at the role fear plays in our life. Then the expansive process empowers our personal and collective mastery in the material realm.

4th Dimension of Light and Energy. This process works with our energy body to build harmony, expansiveness and health. Next we use the doorway of the 4-D to connect with Nature and the greater world. We practice the 4 steps of noticing, intending, allowing and feeling gratitude.

You'll feel harmonized with the entire world of vibration and energy, retaining the highest frequency possible. Exquisite!

Initiation in the 5th Dimension: Sacred Geometry Initiation and Personal Code Activation – This process is a personal Initiation using the power of geometric symbols, the Light Body or Merkabah, and your personal codes. It is POWERFUL! It takes you from “I Want”... where most of us are stuck; to “I AM”... a level of personal transcendence. You then receive your own personal activation codes, moving into your I AM Presence.

Awakening to the 6th dimension or ‘Magnetic Universe.’ Experience yourself anchored in the high realm of Oneness—sometimes called the “Miracles Space” or “Truth Space.” It is a dimension of being, truly effortless. We also journey to the “Amethyst Temple” a world of high nurturing and initiation.

Awakening into the 7th Dimension - Holographic Awareness. This is a leap to multiple perspectives in consciousness. Jonette takes you from expanded singularity to infinite holographic knowing. MARK refers to this level as ‘God Consciousness’— truly sensing the multi-dimensional aspects of the Universe. You can't be the same after this boundary has been crossed!

Awakening into the 8th Dimension — the Quantum Void - Use this meditation to find the zero point of all potential, a pre-manifest void that allows you to reset, recharge, lift. Use it to bring clarity to decisions or simply to reconnect to your spiritual power source.

Awakening into the 9th Dimension. Explore the world of multiple manifest possibilities! This meditation expands your capacity to grasp the unfathomable in the quantum realities. You begin to rewire your consciousness to a higher level so you can truly operate as a multi-dimensional human!
